

Upper Limb Care Packages

New and Improved Extended Warranty Options for Select Upper Limb Devices

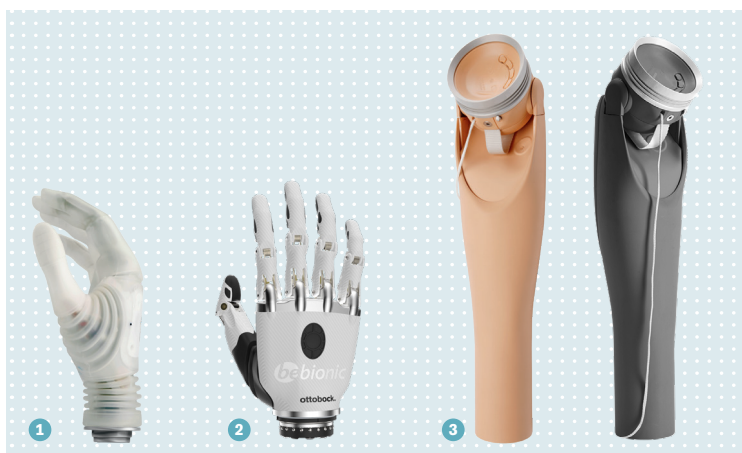

Extended Warranty options for our bebionic hands, Michelangelo hands and DynamicArms have been enhanced with expanded coverage. These new extended warranty options are called Ottobock Care Packages.

Our new Care Packages for these select product lines now cover accidental damage to the product that was caused by the user during proper use.

Benefits of an Ottobock Care Package:

- 1 Expanded Warranty Coverage**
NEW! Accidental mechanical damage caused by the user is covered. For example, a broken finger caused by applying excessive force
- 2 Faster, more efficient service**
Repairs can be handled right away, without cost estimates or approval delays
- 3 For all premium products**
Care Packages are available for the bebionic hand, Michelangelo hand and DynamicArm

bebionic, Michelangelo and DynamicArm come with a 2-year manufacturer's warranty.

Care Packages must be purchased at time of device purchase
